

Prepare and serve espresso coffee

# **Unit/Assessment Mapping (Extract)**

NOTE: This is a sample only. This cover page is not included in Catapult Smallprint's printed books.

This Unit/Assessment Mapping extract is taken from Catapult Smallprint's full hardcopy Trainer/Assessor Guide for the unit SITHFAB005.

For more information, including using our enhanced online version of this unit in Catapult LMS, or to purchase the Learner or Trainer printed books, please see this unit on our website by clicking this link:

# Unit mapping

КС	): Knowledge questions		
РТ	: Performance tasks	KQ	РТ
Ele	ments and performance criteria		
1	Organise coffee workstation		
1.1	Complete mise en place for coffee service to enable efficient work flow and easy access to ingredients, equipment, and service-ware	Q 1.1.a, Q 1.1.b	T 1
1.2	Place ingredients in correct containers and conditions to maintain freshness	Q 1.2.a, Q 1.2.b	T 1
1.3	Prepare espresso machine and grinder for service according to manufacturer instructions	Q 1.3.a, Q 1.3.b	T 1
2	Select and grind coffee beans		
2.1	Select coffee beans and grind to appropriate particle size according to relevant factors	Q 2.1.a, Q 2.1.b	T 2
2.2	Complete test extractions before service to ensure correct particle size of grind, and assess and adjust according to relevant factors	Q 2.2	Τ2
2.3	Adjust grind regularly throughout the service period according to relevant factors	Q 2.3.a, Q 2.3.b	T 2
2.4	Monitor efficiency of grinder for correct dose and grind during use, and resolve or report issues	Q 2.4.a, Q 2.4.b	Τ2
2.5	Clean grinder as required during or after the service period	Q 2.5	Т2
3	Advise customers and take espresso coffee orders		
3.1	Provide information and recommendations about types of coffee beverages and accompaniments	Q 3.1.a, Q 3.1.b, Q 3.1.c	Т3
3.2	Identify customer preferences and take orders	Q 3.2.a, Q 3.2.b	Т 3

### KQ: Knowledge questions

**PT : Performance tasks** 

4	Extract and monitor quality of espresso		
4.1	Select and prepare appropriate service-ware	Q 4.1	T 4.a
4.2	Select correct filter basket and clean, dry and dose it with required amount of ground coffee	Q 4.2	T 4.a
4.3	Tamp ground coffee to make even and level cake	Q 4.3.a, Q 4.3.b	T 4.a
4.4	Flush group head before attaching group handle to extract espresso	Q 4.4	T 4.a
4.5	Monitor quality of extraction during service period and make adjustments	Q 4.5.a, Q 4.5.b, Q 4.5.c	T 4.b
4.6	Monitor efficiency of espresso machine during service, and resolve or report issues	Q 4.6.a, Q 4.6.b, Q 4.6.c	T 4.b
5	Undertake milk texturing process		
5.1	Select cold milk and appropriate milk foaming jug to fulfil customer orders	Q 5.1	T 5
5.2	Purge the steam wand every time before texturing	Q 5.2	T 5
5.3	Texture milk according to type of milk and coffee beverage	Q 5.3	T 5
5.4	Visually and aurally monitor and adjust the texture and temperature	Q 5.4	T 5
5.5	Clean the steam wand on the outside and purge every time after texturing	Q 5.5	T 5
5.6	Combine foam and milk through swirling, ensuring even consistency	Q 5.6	T 5
5.7	Pour milk immediately after swirling, according to the coffee beverage	Q 5.7.a, Q 5.7.b	T 5
6	Serve espresso coffee beverages		
6.1	Present coffee beverages attractively and without drips and spills	Q 6.1.a, Q 6.1.b, Q 6.1.c	Τ6
6.2	Serve coffee beverages promptly at the required temperature and with appropriate accompaniments	Q 6.2.a, Q 6.2.b	Т 6
6.3	Minimise waste to maximise profitability of beverages produced	Q 6.3	Т 6

	: Knowledge questions : Performance tasks	KQ	РТ
7	Clean espresso equipment		
7.1	Clean espresso machine and equipment thoroughly and safely according to organisational procedures and manufacturer instructions	Q 7.1	Τ7
7.2	Maintain water filtration system according to organisational procedures	Q 7.2	Τ7
7.3	Refer faults and maintenance issues requiring technical specialists to supervisor	Q 7.3	Τ7
7.4	Use energy and water resources efficiently when preparing coffee beverages and cleaning to reduce negative environmental impacts	Q 7.4	Т7

### KQ: Knowledge questions

### **PT : Performance tasks**

КО	РТ

Knowledge evidence	
Major types and characteristics of espresso coffee beverages specified in the performance	Q 3.1.a,
evidence	Q 3.1.b,
	Q 3.1.c
Different types of milk, their characteristics and uses for different types of coffee beverages	Q 8.1
Characteristics of different types of beans, blends and roasts	Q 2.1.a,
	Q 2.1.b
Mise en place requirements for preparing coffee beverages	Q 1.1.a,
wise en place requirements for preparing conce bevelages	Q 1.1.b
	Q 4.3.a,
Methods and techniques for preparing and serving espresso coffee beverages:	Q 4.3.b,
<ul> <li>grinding coffee beans</li> </ul>	Q 5.1,
<ul> <li>measuring dose by sight, electronically, manually and mechanically</li> </ul>	Q 5.3,

KQ: Knowledge questions

### Trainer/ assessor user instructions

smallprint training and assessment materials are a commercially produced resource designed to support and underpin a Registered Training Organisation's (RTO's) delivery strategies.

### smallprint resources

As a provider of commercially available resources to a range of client organisations, smallprint is aware of and considerate of their clients' need to be compliant with quality standards such as NVR, AQTF and State VET Regulations.

smallprint ensures that all its resources are current according to information provided by the official National Register of Information on Training Packages, training.gov.au (TGA).

smallprint assessment tools are mapped against:

- elements and performance criteria
- performance evidence
- knowledge evidence

The RTO must conduct their own validation and mapping to verify that the assessment tools and instruments used:

- enable the collection of evidence that complies with the principles of assessment and the rules of evidence
- can be used by different trainer/ assessors
- can be consistently applied in a range of assessment situations
- fit effectively with the RTO's TAS

If any gaps are identified the RTO must develop their own evidence gathering methods, assessment tools or activities to address these gaps.

If used correctly smallprint assessment tools should provide the basis for a comprehensive assessment in accordance with the rules of evidence and the principles of assessment.

smallprint does not promote that the use of their resources by RTOs will ensure compliance with all VET Regulations.

There are a number of requirements which impact on compliance with VET Regulations and it is the responsibility of the RTO to meet those requirements including the development of their own Training and Assessment Strategy (TAS) or Learning and Assessment Strategy (LAS).

smallprint resources consist of:

- a learning resource
- an assessment workbook

### Learning resource

The smallprint learning resource provides content for learning and new skills development.

Each resource is divided into topics which relate directly to the learning elements and performance criteria for each unit.

At the end of each section the learner is provided with:

- a set of true or false questions
- a set of multi choice questions

These questions are self-marking and do not form part of the assessment for the unit. They provide an opportunity to test their understanding of their progress.

The resource is designed for self-paced learning but is also suitable for face to face or workshop delivery.

### **Trainer/ assessor requirements**

The trainer/ assessor should provide supplementary information including interpretation of the contents of this resource.

They should initiate discussion about the subject matter and should encourage the learner to contribute their own experiences and interpretations of the material.

The learner should be encouraged by their trainer/ assessor to undertake additional research.

This might include:

- reading
- reflection
- drawing upon their knowledge in practice situations beyond what has been facilitated by the trainer

It is not necessary to work through the guides in the order in which they are written; however this is at the discretion of the trainer/ assessor.

### Assessment workbook

The assessment workbook contains the following sections:

- about this unit
- what is competency based training
- how will my competency be assessed
- the tools that will be used to assess competency including:
  - assessment agreement
  - foundation skills checklist
  - skills recognition (RPL) checklist
  - knowledge questions
  - third party agreement
  - performance tasks
  - completion record

### **Trainer/ assessor requirements**

The trainer/ assessor needs to ensure the learner understands:

- the structure of units of competency
- this specific unit
- how competency-based assessment works
- assessment conditions applicable to this unit
- resources required for assessment
- rules of evidence
- reasonable adjustment to ensure equity in assessment for people with disability or with special needs
- complaints and appeals procedures
- what constitutes competency
- your role as a trainer/ assessor

## Assessment agreement

#### **Purpose**

To ensure that the learner understands the assessment process.

### **Trainer/ assessor requirements**

The trainer/ assessor needs to ensure the learner understands:

- how and when the assessment will occur
- the tools that will be used to collect evidence
- the assessment conditions that apply to this unit
- adjustments available if special needs apply
- their rights in relation to complaints and appeals
- all work must be their own
- plagiarism is not acceptable

The learner and the trainer/ assessor both need to sign this form.

## Foundation skills checklist

### **Purpose**

To determine foundation skills as defined for this unit of competency.

### **Trainer/ assessor requirements**

Foundation skills are generally defined as:

- LLN Skills
  - reading
  - writing
  - oral communication
  - numeracy
- Employability skills
  - navigate the world of work
  - interact with others
  - get the work done

Different training packages identify foundation skill requirements in a variety of ways.

In some packages foundation skills are described as being explicit in the performance criteria of the unit of competency.

In others specific foundation skills are identified for individual units of competency.

In others all foundation skills are identified separately.

The trainer/ assessor need to identify the foundation skills levels of the learner to determine whether they have the skills to cope with the training, or whether additional support needs to be provided.

The trainer/ assessor should source and use foundation skills assessment methodologies that are suitable for their learning cohort.

On completion of the assessment the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

### **Skills recognition assessment**

### **Purpose**

To obtain evidence of existing skills and knowledge through:

- previous training courses
- workplace documents
- skills obtained through unpaid work
- references
- other

### **Trainer/ assessor requirements**

The trainer/ assessor needs to determine how they wish to use this section.

Evidence of existing skills may be provided for parts of this unit. This may mean that some of the knowledge questions or performance tasks do not need to be completed.

Where this is done trainer/ assessors should clearly identify and inform the learner what is required.

RTOs may wish to use this section as a Recognition of Prior Learning (RPL) process.

However the trainer/ assessor need to ensure that the evidence provided meets the principles of assessment and rules of evidence.

On completion of the assessment the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

### **Knowledge questions**

#### **Purpose**

To obtain evidence of the learner's essential knowledge as outlined in the:

- elements and performance criteria for this unit
- knowledge evidence for this unit

The questions address each performance criteria and are designed to elicit responses that provide evidence of the essential knowledge. The questions are also designed to include the specific knowledge requirements that relate to performance criteria.

Where essential knowledge requirements have not been referred to in performance criteria, additional questions are provided.

### **Trainer/ assessor requirements**

The trainer/ assessor needs to determine which questions need to be answered to ensure a satisfactory outcome.

The trainer/ assessor should provide clear instructions to the learner as to:

- which questions should be answered
- the manner in which responses should be presented eg, hand written in the space provided, in a word processed document, verbally, on-line
- whether additional questions need to be answered

The questions are designed to be answered in written format. The trainer/ assessor may ask for verbal responses. Where verbal responses are provided the trainer/ assessor needs to clearly note this and ensure that responses are recorded verbatim.

When questions are answered the trainer/ assessor should provide feedback to the learner. Where responses are unsatisfactory the learner should be given the opportunity to provide additional information.

On completion of each answer the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

## Third party evidence collection agreement

### **Purpose**

To provide third parties with clear instructions about their role.

### **Trainer/ assessor requirements**

The performance tasks has been designed to be observed by either a trainer/ assessor or a third party.

This allows for the fact that some tasks may not be directly observable by the trainer/ assessor due to:

- the complexity of the task
- the need for tasks to be repeated or observed over time
- the presence of an observer may compromise workplace safety
- work activities involving issues of confidentiality and privacy

Where a third party is used to observe the tasks the trainer/ assessor must ensure that the third party clearly understands their role and that they are in a position that allows them to regularly and consistently observe the learner's work performance.

They must be informed that:

- they are not required to conduct the assessment
- their feedback is sought as confirmation that the learner has demonstrated the skills covered in the unit to the standard required
- the assessment decision will be made by a qualified assessor

They must also be informed of:

- the tasks to be observed
- the type and the quantity of evidence to be collected and reported
- the number of performances to observe
- the questions to ask to confirm understanding of the tasks
- the time frames and performance standards applicable to the learner's work performance
- the environment in which the tasks should be performed
- how to record their observations

The third party evidence collection agreement should then be signed.

### **Performance tasks**

#### **Purpose**

To obtain evidence of the learner's ability to:

- perform the tasks outlined in the elements and performance criteria
- perform the specific requirements outlined in the performance evidence

The tasks address:

- individual performance criterion
- where appropriate a group of performance criteria or an element of competency

The tasks are also designed to include the specific performance evidence requirements that relate to performance criteria. Where performance evidence requirements have not been included in performance criteria additional tasks are provided.

The tasks are designed to be observable and provide evidence that the learner has the necessary skills. Observations should occur over a period of time. Performance can be observed in an actual workplace or in a simulated environment.

Some units will require that certain tasks are performed a specific number of times.

### **Trainer/ assessor requirements**

The trainer/ assessor needs to determine which of the tasks need to be performed to ensure a satisfactory outcome.

The trainer/ assessor should provide clear instructions to the learner as to:

- when the tasks are to be performed
- where the tasks are to be performed
- what they are required to do
- how many times the tasks are to be performed
- who will be observing them
- whether additional tasks need to be answered

Where tasks cannot be easily be observed they can be assessed using role plays and simulations. If performance of particular tasks cannot be observed you might enter into a discussion with the learner or ask them to explain a procedure. In some instances tasks might relate to the production of work products (portfolios/ documents/ outcomes). Although it might not be possible for the trainer/ assessor to observe the total process, the end product of work can provide evidence of performance.

When tasks have been completed the trainer/ assessor should provide feedback to the learner. Where performance is unsatisfactory the learner should be given the opportunity to attempt the task/s again.

Where the tasks have been observed by a third party the trainer/assessor should discuss with the third party what has been observed to ensure that all relevant criteria have been covered and that evidence provided meets the principles of assessment and rules of evidence. This should be recorded as part of the trainer/ assessor comments.

On completion of each task the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

## **Completion record**

### **Purpose**

To record the results of work completed in the assessment workbook.

### **Trainer/ assessor requirements**

The trainer/ assessor needs to ensure that the:

- assessment conditions for this unit were met
- learner answered all questions required to the expected standard
- learner performed all the tasks required to the expected standard
- learner has been provided with comments and feedback regarding any additional assessment requirements

The completion record should be completed and signed by the learner and trainer/ assessor.
