## TLIL5026

Manage export logistics

### Unit/Assessment Mapping (Extract)

**NOTE:** This is a sample only. This cover page is not included in Catapult Smallprint's printed books.

This Unit/Assessment Mapping extract is taken from Catapult Smallprint's full hardcopy Trainer/Assessor Guide for the unit TLIL5026.

For more information, including using our enhanced online version of this unit in Catapult LMS, or to purchase the Learner or Trainer printed books, please see this unit on our website by clicking this link:

## Unit mapping

**KQ: Knowledge questions**

**PT : Performance tasks**

**KQ**

**PT**

### Elements and performance criteria

#### 1 Plan efficient export logistics

1.1	Australian and international codes and regulations, and workplace policies for export logistics are identified	Q 1.1	T 1
1.2	Consignment loads are evaluated in terms of critical parameters and customer instructions	Q 1.2.a, Q 1.2.b	T 1
1.3	Capacity and capability of different local and overseas transport modes available to the organisation are assessed against proposed logistics tasks	Q 1.3	T 1
1.4	Preliminary schedules are matched against operational capacity and capability of available transport systems, equipment and staff	Q 1.4	T 1
1.5	Export logistics are planned for efficient and effective delivery and load handling in accordance with relevant regulatory and workplace procedures, taking into account key requirements	Q 1.5.a, Q 1.5.b	T 1
1.6	Strategies to address identified deficiencies in operational capability and availability are undertaken in accordance with workplace procedures	Q 1.6.a, Q 1.6.b	T 1

#### 2 Develop contingency management strategy

2.1	Quality standards and procedures for export logistics processes are confirmed and/or updated in accordance with workplace procedures	Q 2.1	T 2
2.2	Nature, extent and impact of potential issues or incidents in the planned export logistics are assessed	Q 2.2	T 2
2.3	Contingency management strategies for identified issues/incidents are established and evaluated including reference to previous similar scenarios	Q 2.3	T 2
2.4	Implementation procedures, including resource and infrastructure support, are documented and continually upgraded in regard to established quality standards and any changes in the Australian and the international operating environments	Q 2.4.a, Q 2.4.b	T 2

**KQ: Knowledge questions****PT : Performance tasks****KQ****PT****3 Produce operation schedules for export logistics**

3.1	Local and overseas transportation modes, times and routes are established to maximise effective and efficient operations	Q 3.1.a, Q 3.1.b	T 3
3.2	Resources are arranged in association with relevant Australian and overseas personnel to meet operational schedules	Q 3.2.a, Q 3.2.b	T 3
3.3	Australian and international regulatory requirements, codes of practice and workplace procedures are identified and accounted for in operational schedule	Q 3.3	T 3
3.4	Tracking procedures are applied to consignment/s using relevant technology and systems in accordance with workplace procedures	Q 3.4	T 3
3.5	Schedule is consolidated and forwarded to appropriate personnel	Q 3.5	T 3
3.6	Schedule is stored in accordance with workplace procedures	Q 3.6	T 3

**4 Monitor and coordinate systems for export logistics**

4.1	Export logistics are monitored against identified quality standards, planned processes, and compliance with Australian and international regulatory requirements	Q 4.1	T 4
4.2	Non-compliance with quality standards, planned processes or regulatory requirements is identified and appropriate action is initiated to report and rectify identified problems	Q 4.2	T 4
4.3	Customer satisfaction with export logistics operations is monitored using appropriate methods	Q 4.3	T 4
4.4	Customer concerns and suggestions for service improvements are acted upon in accordance with workplace procedures	Q 4.4	T 4
4.5	Reports and other required documentation related to export logistics are completed and referred to relevant personnel in accordance with workplace procedures	Q 4.5.a, Q 4.5.b	T 4
4.6	Changes in Australian and international regulations and codes of practice relevant to export logistics are monitored, identified and appropriate action is initiated to ensure ongoing compliance of export logistics processes and systems	Q 4.6.a, Q 4.6.b	T 4

**KQ: Knowledge questions****PT : Performance tasks****KQ****PT****Knowledge evidence**

Application of relevant Australian and international standards and associated certification requirements	Q 2.4.a, Q 2.4.b
Australian and international regulatory, permit and licence requirements relevant to export logistics	Q 3.3
Business policies, procedures and plans including those covering outsourcing components of operations and engaging additional resources	Q 2.4.a, Q 2.4.b
Local and overseas transport and equipment applications, capacities, configurations, safety hazards and control mechanisms	Q 1.3, Q 3.1.a, Q 3.1.b, Q 5.1
Operational export logistics systems, resources, management and workplace operating systems	Q 5.2
Problems that may occur when planning and managing export logistics and action that can be taken to resolve or report these problems	Q 2.2, Q 2.3
Resource availability including the competencies of individuals in the team/group	Q 3.2.a, Q 3.2.b
Workplace documentation procedures relevant to export logistics	Q 4.5.a, Q 4.5.b
Workplace policies and procedures, including those covering issue resolution and grievance	Q 5.3
Workplace procedures for planning and managing export logistics	Q 5.4

**KQ: Knowledge questions****PT : Performance tasks****KQ****PT****Performance evidence**

Adapting to differences in systems and equipment in accordance with standard operating procedures	T 1, T 2, T 3, T 4
Applying relevant legislation and workplace procedures	T 1, T 2, T 3, T 4
Communicating effectively with others when planning and managing export logistics	T 1, T 2, T 3, T 4
Completing documentation related to planning and managing export logistics	T 3, T 4
Developing, implementing and monitoring export logistics operations	T 1, T 2, T 3, T 4
Implementing contingency plans	T 2
Modifying activities to cater for variations in workplace contexts and environment	T 1, T 2, T 3, T 4
Monitoring work activities in terms of planned schedule	T 1, T 2, T 3, T 4
Prioritising work and coordinating self and others in relation to export logistics activities	T 1, T 2, T 3, T 4
Providing leadership and working collaboratively with others when planning and managing export logistics	T 1, T 2, T 3, T 4
Reading and interpreting instructions, procedures, information and signs relevant to planning and managing export logistics	T 1, T 2, T 3, T 4

**KQ: Knowledge questions****PT : Performance tasks****KQ****PT**

Selecting and applying appropriate application of technology, information and communications systems and procedures

T 1,  
T 2,  
T 3,  
T 4

smallprint training and assessment materials are a commercially produced resource designed to support and underpin a Registered Training Organisation's (RTO's) delivery strategies.

### smallprint resources

As a provider of commercially available resources to a range of client organisations, smallprint is aware of and considerate of their clients' need to be compliant with quality standards such as NVR, AQTF and State VET Regulations.

smallprint ensures that all its resources are current according to information provided by the official National Register of Information on Training Packages, training.gov.au (TGA).

smallprint assessment tools are mapped against:

- elements and performance criteria
- performance evidence
- knowledge evidence

The RTO must conduct their own validation and mapping to verify that the assessment tools and instruments used:

- enable the collection of evidence that complies with the principles of assessment and the rules of evidence
- can be used by different trainer/ assessors
- can be consistently applied in a range of assessment situations
- fit effectively with the RTO's TAS

If any gaps are identified the RTO must develop their own evidence gathering methods, assessment tools or activities to address these gaps.

If used correctly smallprint assessment tools should provide the basis for a comprehensive assessment in accordance with the rules of evidence and the principles of assessment.

smallprint does not promote that the use of their resources by RTOs will ensure compliance with all VET Regulations.

There are a number of requirements which impact on compliance with VET Regulations and it is the responsibility of the RTO to meet those requirements including the development of their own Training and Assessment Strategy (TAS) or Learning and Assessment Strategy (LAS).

smallprint resources consist of:

- a learning resource
- an assessment workbook

The smallprint learning resource provides content for learning and new skills development.

Each resource is divided into topics which relate directly to the learning elements and performance criteria for each unit.

At the end of each section the learner is provided with:

- a set of true or false questions
- a set of multi choice questions

These questions are self-marking and do not form part of the assessment for the unit. They provide an opportunity to test their understanding of their progress.

The resource is designed for self-paced learning but is also suitable for face to face or workshop delivery.

---

### Trainer/ assessor requirements

The trainer/ assessor should provide supplementary information including interpretation of the contents of this resource.

They should initiate discussion about the subject matter and should encourage the learner to contribute their own experiences and interpretations of the material.

The learner should be encouraged by their trainer/ assessor to undertake additional research.

This might include:

- reading
- reflection
- drawing upon their knowledge in practice situations beyond what has been facilitated by the trainer

It is not necessary to work through the guides in the order in which they are written; however this is at the discretion of the trainer/ assessor.

---

The assessment workbook contains the following sections:

- about this unit
- what is competency based training
- how will my competency be assessed
- the tools that will be used to assess competency including:
  - assessment agreement
  - foundation skills checklist
  - skills recognition (RPL) checklist
  - knowledge questions
  - third party agreement
  - performance tasks
  - completion record

---

### Trainer/ assessor requirements

---

The trainer/ assessor needs to ensure the learner understands:

- the structure of units of competency
  - this specific unit
  - how competency-based assessment works
  - assessment conditions applicable to this unit
  - resources required for assessment
  - rules of evidence
  - reasonable adjustment to ensure equity in assessment for people with disability or with special needs
  - complaints and appeals procedures
  - what constitutes competency
  - your role as a trainer/ assessor
-

## Assessment agreement

### Purpose

To ensure that the learner understands the assessment process.

---

### Trainer/ assessor requirements

The trainer/ assessor needs to ensure the learner understands:

- how and when the assessment will occur
- the tools that will be used to collect evidence
- the assessment conditions that apply to this unit
- adjustments available if special needs apply
- their rights in relation to complaints and appeals
- all work must be their own
- plagiarism is not acceptable

The learner and the trainer/ assessor both need to sign this form.

---

### Purpose

To determine foundation skills as defined for this unit of competency.

### Trainer/ assessor requirements

Foundation skills are generally defined as:

- LLN Skills
  - reading
  - writing
  - oral communication
  - numeracy
- Employability skills
  - navigate the world of work
  - interact with others
  - get the work done

Different training packages identify foundation skill requirements in a variety of ways.

In some packages foundation skills are described as being explicit in the performance criteria of the unit of competency.

In others specific foundation skills are identified for individual units of competency.

In others all foundation skills are identified separately.

The trainer/ assessor need to identify the foundation skills levels of the learner to determine whether they have the skills to cope with the training, or whether additional support needs to be provided.

The trainer/ assessor should source and use foundation skills assessment methodologies that are suitable for their learning cohort.

On completion of the assessment the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

### **Purpose**

To obtain evidence of existing skills and knowledge through:

- previous training courses
- workplace documents
- skills obtained through unpaid work
- references
- other

---

### **Trainer/ assessor requirements**

---

The trainer/ assessor needs to determine how they wish to use this section.

Evidence of existing skills may be provided for parts of this unit. This may mean that some of the knowledge questions or performance tasks do not need to be completed.

Where this is done trainer/ assessors should clearly identify and inform the learner what is required.

RTOs may wish to use this section as a Recognition of Prior Learning (RPL) process.

However the trainer/ assessor need to ensure that the evidence provided meets the principles of assessment and rules of evidence.

On completion of the assessment the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

---

### Purpose

To obtain evidence of the learner's essential knowledge as outlined in the:

- elements and performance criteria for this unit
- knowledge evidence for this unit

The questions address each performance criteria and are designed to elicit responses that provide evidence of the essential knowledge. The questions are also designed to include the specific knowledge requirements that relate to performance criteria.

Where essential knowledge requirements have not been referred to in performance criteria, additional questions are provided.

### Trainer/ assessor requirements

The trainer/ assessor needs to determine which questions need to be answered to ensure a satisfactory outcome.

The trainer/ assessor should provide clear instructions to the learner as to:

- which questions should be answered
- the manner in which responses should be presented eg, hand written in the space provided, in a word processed document, verbally, on-line
- whether additional questions need to be answered

The questions are designed to be answered in written format. The trainer/ assessor may ask for verbal responses. Where verbal responses are provided the trainer/ assessor needs to clearly note this and ensure that responses are recorded verbatim.

When questions are answered the trainer/ assessor should provide feedback to the learner. Where responses are unsatisfactory the learner should be given the opportunity to provide additional information.

On completion of each answer the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

## Third party evidence collection agreement

### Purpose

To provide third parties with clear instructions about their role.

### Trainer/ assessor requirements

The performance tasks has been designed to be observed by either a trainer/ assessor or a third party.

This allows for the fact that some tasks may not be directly observable by the trainer/ assessor due to:

- the complexity of the task
- the need for tasks to be repeated or observed over time
- the presence of an observer may compromise workplace safety
- work activities involving issues of confidentiality and privacy

Where a third party is used to observe the tasks the trainer/ assessor must ensure that the third party clearly understands their role and that they are in a position that allows them to regularly and consistently observe the learner's work performance.

They must be informed that:

- they are not required to conduct the assessment
- their feedback is sought as confirmation that the learner has demonstrated the skills covered in the unit to the standard required
- the assessment decision will be made by a qualified assessor

They must also be informed of:

- the tasks to be observed
- the type and the quantity of evidence to be collected and reported
- the number of performances to observe
- the questions to ask to confirm understanding of the tasks
- the time frames and performance standards applicable to the learner's work performance
- the environment in which the tasks should be performed
- how to record their observations

The third party evidence collection agreement should then be signed.

### Purpose

To obtain evidence of the learner's ability to:

- perform the tasks outlined in the elements and performance criteria
- perform the specific requirements outlined in the performance evidence

The tasks address:

- individual performance criterion
- where appropriate a group of performance criteria or an element of competency

The tasks are also designed to include the specific performance evidence requirements that relate to performance criteria. Where performance evidence requirements have not been included in performance criteria additional tasks are provided.

The tasks are designed to be observable and provide evidence that the learner has the necessary skills. Observations should occur over a period of time. Performance can be observed in an actual workplace or in a simulated environment.

Some units will require that certain tasks are performed a specific number of times.

### Trainer/ assessor requirements

The trainer/ assessor needs to determine which of the tasks need to be performed to ensure a satisfactory outcome.

The trainer/ assessor should provide clear instructions to the learner as to:

- when the tasks are to be performed
- where the tasks are to be performed
- what they are required to do
- how many times the tasks are to be performed
- who will be observing them
- whether additional tasks need to be answered

Where tasks cannot be easily be observed they can be assessed using role plays and simulations. If performance of particular tasks cannot be observed you might enter into a discussion with the learner or ask them to explain a procedure. In some instances tasks might relate to the production of work products (portfolios/ documents/ outcomes). Although it might not be possible for the trainer/ assessor to observe the total process, the end product of work can provide evidence of performance.

When tasks have been completed the trainer/ assessor should provide feedback to the learner. Where performance is unsatisfactory the learner should be given the opportunity to attempt the task/s again.

Where the tasks have been observed by a third party the trainer/assessor should discuss with the third party what has been observed to ensure that all relevant criteria have been covered and that evidence provided meets the principles of assessment and rules of evidence. This should be recorded as part of the trainer/ assessor comments.

On completion of each task the trainer/ assessor should record their final comment and mark as satisfactory/ not satisfactory as appropriate.

## Completion record

### **Purpose**

To record the results of work completed in the assessment workbook.

---

### **Trainer/ assessor requirements**

---

The trainer/ assessor needs to ensure that the:

- assessment conditions for this unit were met
- learner answered all questions required to the expected standard
- learner performed all the tasks required to the expected standard
- learner has been provided with comments and feedback regarding any additional assessment requirements

The completion record should be completed and signed by the learner and trainer/ assessor.

---
