# Trainer/assessor guide

## CHCCSM004

### Coordinate complex case requirements

#### Welcome to this unit of study

This unit describes the skills and knowledge required to coordinate multiple service requirements for clients with complex needs within a case management framework.

Workers at this level work under supervision within established guidelines but take on a team leadership role in the coordination of services and service providers.

This unit applies to work in a range of health and community services contexts.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

Topic 2: Support the client to access multiple services .....	117
Topic 3: Monitor client progress.....	118

Completion record.....	119
Unit mapping.....	120
Trainer/ assessor user instructions.....	122

# About this trainer/assessor guide

## Learning resource

The learning resource is divided into the following topics:

- » Establish coordination function
- » Support the client to access multiple services
- » Monitor client progress

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

## Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
