# Analyse impacts of sociological factors on people in community work and services

### Welcome to this unit of study

This unit of competency describes the performance outcomes, skills and knowledge required to analyse impacts of sociological factors when undertaking community work and associated services.

The unit describes the application of knowledge of the broad social and cultural context in which work is planned and implemented in the community services industry.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set
