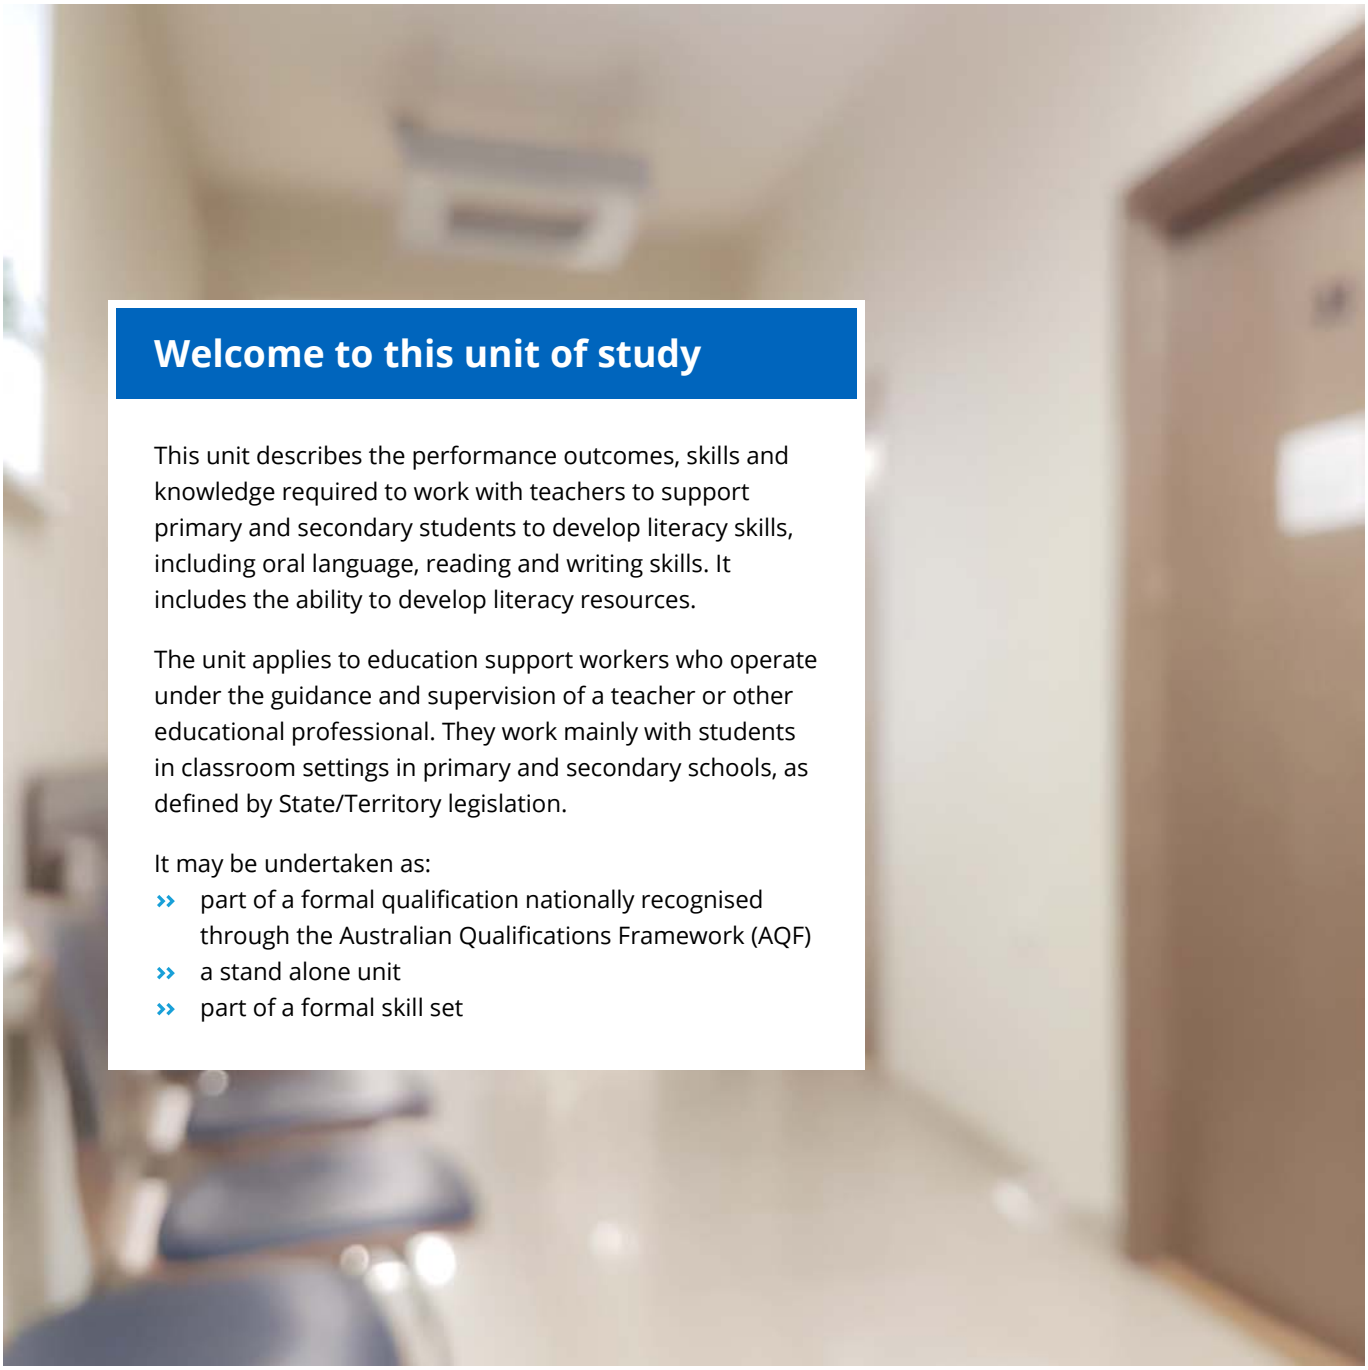
Trainer/assessor guide

CHCEDS046
Support student literacy learning



Welcome to this unit of study

This unit describes the performance outcomes, skills and knowledge required to work with teachers to support primary and secondary students to develop literacy skills, including oral language, reading and writing skills. It includes the ability to develop literacy resources.

The unit applies to education support workers who operate under the guidance and supervision of a teacher or other educational professional. They work mainly with students in classroom settings in primary and secondary schools, as defined by State/Territory legislation.

It may be undertaken as:

- part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- a stand alone unit
- part of a formal skill set

About this trainer/assessor guide **4**

Learning resource **5**

Topic 1: Encourage and model spoken language 5

Identify and use different styles of verbal communication 5

Demonstrate the correct use and different functions of language in interactions 9

Monitor student understanding and use of language through observation, listening and conversation, and provide information to teachers to inform planning 12

Identify progress of language acquisition and discuss with the teacher 14

Use language appropriate to student culture, age, abilities, interests and needs 15

Use spoken language to effectively interact with students 17

Talk explicitly about language to scaffold learning 19

Model language for students appropriate to situation, purpose and audience 21

Check your understanding 23

Topic 2: Support students to read and interpret texts 25

Determine strategies for supporting students to interpret texts in consultation with the teacher 25

Implement planned strategies to enhance student abilities and address their individual needs 29

Encourage students to problem-solve to make meaning from texts 31

Use explicit talk to focus students on specific literacy skills 34

Check your understanding 35

Topic 3: Enhance students' writing skills 37

Implement strategies devised with teacher to develop students' skills in the use of written language 37

Use accurate terminology to support students' learning 40

Use planned strategies to reinforce writing skills across all key learning areas 42

Encourage students to improve spelling skills using strategies appropriate to students' developmental levels 44

Support students to plan their writing tasks through demonstration and explanation 47

Encourage students to reflect on the effectiveness of their writing through use of questioning 49

Support students to effectively edit their writing through demonstration and provision of opportunities for practice 51

Check your understanding 53

Topic 4: Contribute to resource development 55

Plan learning environments and activities in advance with the teacher based on individual needs 55

Contribute ideas for resource design that reinforce literacy skills, while fulfilling curriculum requirements and meet developmental levels 58

Follow organisational procedures for the production of resources 60

Check your understanding 63

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- Encourage and model spoken language
- Support students to read and interpret texts
- Enhance students' writing skills
- Contribute to resource development

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- a set of true or false questions
- a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- information on competency-based assessment
- instructions on how you will be assessed
- assessment tools to assess your competence
- instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
