Trainer/assessor guide

CPPCLO3002

Restore hard floor surfaces

Welcome to this unit of study

This unit of competency specifies the outcomes required to assess the type and condition of hard floor surfaces, determine the nature and extent of damage, remove pre-existing floor sealant, and replace it with a new protective coating using selected chemicals and techniques.

The unit supports cleaners who work alone or in teams. It applies in a range of commercial and residential work sites.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

Contents

About this trainer/assessor guide	4
Learning resource	5
Topic 1: Plan and prepare to restore hard floor surface.....	5
Obtain work instructions and identify type of floor surface and coating.....	5
Assess hazards and control risks	13
Select appropriate restoration techniques.....	18
Manage equipment accordingly	19
Select and prepare cleaning chemicals.....	22
Source and use personal protective equipment (PPE) accordingly.....	25
Select and install signs and barricades	26
Check your understanding	27
Topic 2: Remove existing surface coating from hard floor.	29
Remove furniture and fittings.....	29
Remove and dispose of wet and dry embedded soil types.....	31
Remove existing surface coating using appropriate chemicals and equipment.....	35
Rinse chemical residue and dispose of liquid waste.....	37
Check your understanding	39
Topic 3: Seal exposed hard floor surface.	41
Apply sealant using correct application techniques and equipment.....	41
Allow dwelling and apply additional coats of sealant	48
Check your understanding	49
Topic 4: Tidy work site.	51
Remove barricades and return furniture and fittings	51
Check your understanding	55
Topic 5: Clean and safety check equipment, and store equipment and chemicals.....	57
Manage equipment and PPE appropriately	57
Store and dispose of unused chemicals	60
Check your understanding	65
References.....	67
Assessment workbook	69
Unit information.....	71
What is competency-based assessment?.....	72
How will my competency be assessed?.....	73
Assessment agreement.....	74
Foundation skills checklist.....	75
Skills recognition	76
Topic 1: Plan and prepare to restore hard floor surface.....	77
Topic 2: Remove existing surface coating from hard floor	78
Topic 3: Seal exposed hard floor surface	79
Topic 4: Tidy work site	80
Topic 5: Clean and safety check equipment, and store equipment and chemicals.....	81

Knowledge questions	82
Topic 1: Plan and prepare to restore hard floor surface.....	84
Topic 2: Remove existing surface coating from hard floor	92
Topic 3: Seal exposed hard floor surface	98
Topic 4: Tidy work site	103
Topic 5: Clean and safety check equipment, and store equipment and chemicals.....	104

Topic 5: Clean and safety check equipment, and store equipment and chemicals.....	121
Completion record.....	123
Unit mapping and assessment checklist	124
Trainer/ assessor user instructions.....	128

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Plan and prepare to restore hard floor surface
- » Remove existing surface coating from hard floor
- » Seal exposed hard floor surface
- » Tidy work site
- » Clean and safety check equipment, and store equipment and chemicals

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
