Trainer/assessor guide

CPPCLO3020

Pressure wash and clean surfaces

Welcome to this unit of study

This unit of competency specifies the outcomes required to set up and use pressure washing equipment to clean surfaces by producing a variable stream of water or cleaning chemical. The unit covers assessing the extent of the cleaning task, and selecting the equipment, chemicals and cleaning methods required for the task.

The unit supports cleaners who work alone or in teams. It applies in a range of commercial and residential work sites.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

About this trainer/assessor guide	4
Learning resource.....	5
Topic 1: Plan and prepare to clean using pressure washing.	5
Assessing surfaces to be pressure washed	5
Assessing work site hazards and controlling risks	9
Identifying soil types and preparing cleaning chemicals	12
Selecting equipment, checking serviceability and faults	13
Sourcing personal protective equipment	15
Selecting and installing signs and barricades	17
Identifying and reporting pre-existing damage	18
Check your understanding	19
Topic 2: Use pressure washing equipment and techniques.....	21
Protecting items, pre-spraying, pressure washing, and rinsing.....	21
Check your understanding	27
Topic 3: Tidy work site.	29
Disposing soil and waste, removing coverings, signs, barricades	29
Check your understanding	33
Topic 4: Clean and safety check equipment, and store equipment and chemicals.....	35
Cleaning, safety checking, and storing equipment and PPE	35
Storing or disposing of unused chemicals.....	39
Check your understanding	43
References.....	45
Assessment workbook.....	47
Unit information	49
What is competency-based assessment?.....	50
How will my competency be assessed?.....	51
Assessment agreement.....	52
Foundation skills checklist.....	53
Skills recognition.....	54
Topic 1: Plan and prepare to clean using pressure washing	55
Topic 2: Use pressure washing equipment and techniques.....	56
Topic 3: Tidy work site	57
Topic 4: Clean and safety check equipment, and store equipment and chemicals.....	58
Knowledge questions	59
Topic 1: Plan and prepare to clean using pressure washing	60
Topic 2: Use pressure washing equipment and techniques.....	71
Topic 3: Tidy work site	76
Topic 4: Clean and safety check equipment, and store equipment and chemicals.....	78
Topic 5: Specific knowledge evidence	81

Performance tasks.....	82
Third party evidence collection agreement	83
Topic 1: Plan and prepare to clean using pressure washing	84
Topic 2: Use pressure washing equipment and techniques	86
Topic 3: Tidy work site	88
Topic 4: Clean and safety check equipment, and store equipment and chemicals	89
Completion record.....	90
Unit mapping and assessment checklist	91
Trainer/ assessor user instructions.....	95

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Plan and prepare to clean using pressure washing
- » Use pressure washing equipment and techniques
- » Tidy work site
- » Clean and safety check equipment, and store equipment and chemicals

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
