

Trainer/assessor guide

HLTAHA027

Assist with an allied health program

Welcome to this unit of study

This unit describes the skills and knowledge required to provide assistance to an Allied Health Professional. Work includes following treatment plans for therapeutic interventions or conducting programs.

This unit applies to allied health assistants and should be performed under the direct, indirect or remote supervision and delegation of an Allied Health Professional (AHP).

The skills in this unit must be applied in accordance with Allied Health Assistant Framework, Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set
