Trainer/assessor guide

SITHACS009

Clean premises and equipment

Welcome to this unit of study

This unit describes the performance outcomes, skills and knowledge required to carry out general cleaning duties. It requires the ability to set up cleaning equipment and to safely clean premises and equipment using resources efficiently to reduce negative environmental impacts.

The unit applies to people responsible for general cleaning duties in any industry context. They work under supervision and usually as part of a team.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

Contents

About this trainer/assessor guide	4
Learning resource.....	5
Topic 1: Select and set up equipment and materials.....	5
Select appropriate equipment for cleaning task	5
Check equipment is clean and in safe working condition according to manufacturer instructions prior to use	9
Select and prepare required wet and dry agents or chemicals for cleaning, according to manufacturer instructions and work health and safety procedures	11
Select and use personal protective clothing where necessary	16
Check your understanding	19
Topic 2: Clean wet and dry areas and associated equipment	21
Minimise potential customer inconvenience in scheduling and performing cleaning tasks	21
Prepare wet and dry areas to be cleaned and identify hazards	24
Barricade work areas or place warning signs as required	26
Use cleaning agents or chemicals for specific areas, surfaces and equipment, according to manufacturer recommendations and work health and safety policies and procedures	27
Use equipment safely and according to manufacturer instructions	30
Reduce negative environmental impacts through efficient use of energy, water and other resources	35
Sort general waste and safely dispose of waste and hazardous substances to minimise negative environmental impacts	38
Check your understanding	41
Topic 3: Maintain and store cleaning equipment and chemicals.....	43
Clean equipment after use according to organisational requirements and manufacturer instructions ...	43
Carry out or arrange routine maintenance of equipment	46
Identify and report equipment faults.....	48
Store equipment in designated area in a condition ready for use.....	50
Store chemicals according to work health and safety procedures	51
Check your understanding	53

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Select and set up equipment and materials
- » Clean wet and dry areas and associated equipment
- » Maintain and store cleaning equipment and chemicals

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
