Trainer/assessor guide

SITHCCC002

Prepare and present simple dishes

Welcome to this unit of study

This unit describes the performance outcomes, skills and knowledge required to prepare and present a limited range of simple menu items following standard recipes. While some cooking may be involved, there is no requirement to use the full range of basic cookery methods.

The unit applies to operational personnel in kitchens and catering facilities who require some cooking and food preparation skills, but who are not qualified cooks. It may apply to a hospitality or catering organisation, such as cafes, kiosks, canteens and cafeterias or to organisations where catering forms only a small part of the business operation. Dishes prepared are simple in nature, and may include fast food, takeaway food and items that have been prepared off site and need re-thermalising.

It applies to individuals who work with very little independence and under close supervision. They follow predefined organisational procedures and report any discrepancies to a higher level staff member for action.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Prepare for service
- » Prepare food
- » Present and store food in clean work area

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
