# Trainer/assessor guide

## SITXCOM003

### Provide a briefing or scripted commentary

#### Welcome to this unit of study

This unit describes the performance outcomes, skills and knowledge required to deliver information to a group using basic group communication and presentation techniques. Often the information would have been prepared or scripted by others.

The unit applies to individuals in all industry sectors who present information or commentary to a group of people, but who do not require the complete suite of presentation, commentary or public speaking skills. This could include those working in museums, attractions, on aircraft and in any business or community situation where oral communication to a group is required. They could be working under supervision or with guidance from others.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

# About this trainer/assessor guide

---

## Learning resource

---

The learning resource is divided into the following topics:

- » Present information to group
- » Enhance presentation of information
- » Liaise with others

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

---

## Assessment workbook

---

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
