Trainer/assessor guide

SITXMGT003 Manage projects

Welcome to this unit of study

This unit describes the performance outcomes, skills and knowledge required to develop project plans, implement project activities, monitor progress to ensure objectives are achieved, and evaluate all aspects of projects.

The unit applies to all tourism, travel, hospitality and event sectors and the project could relate to event planning and execution, product development, research or initiatives such as the introduction of new workplace systems or technologies.

It applies to senior personnel who operate independently or with limited guidance from others and who are responsible for making a range of operational business and project management decisions.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

Topic 4: Evaluate project	160
Completion record.....	162
Unit mapping and assessment checklist	163
Trainer/ assessor user instructions.....	168

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Define project scope
- » Develop project plan
- » Administer and monitor project
- » Evaluate project

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
