Trainer/assessor guide

SITXWHS005

Participate in safe work practices

Welcome to this unit of study

This unit describes the performance outcomes, skills and knowledge required to incorporate safe work practices into own workplace activities. It requires the ability to follow predetermined health, safety and security procedures and to participate in organisational work health and safety (WHS) management practices.

The unit applies to all tourism, travel, hospitality and event sectors and to any small, medium or large organisation.

All personnel at all levels use this skill in the workplace during the course of their daily activities.

The unit incorporates the requirement for all workers under state and territory WHS legislation, to participate in the management of their own health and safety, that of their colleagues and anyone else in the workplace. They must cooperate with their employer and follow practices to ensure safety at work.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

About this trainer/assessor guide	4
Learning resource.....	5
Topic 1: Work safely	5
Follow organisational health, safety and security procedures	5
Incorporate safe work practices into own workplace activities	8

Simulations.....	98
Completion record.....	117
Unit mapping.....	118
Trainer/assessor instructions and requirements	121

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Work safely
- » Follow procedures for emergency situations
- » Participate in organisational health, safety and security practices

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
