Trainer/assessor guide

TLIF3003

Implement and monitor work health and safety procedures

Welcome to this unit of study

This unit involves the skills and knowledge required to implement and monitor work health and safety (WHS)/occupational health and safety (OHS) procedures, in compliance with relevant WHS/OHS regulations.

It includes accessing information about WHS/OHS workplace policies and procedures, and implementing and monitoring procedures for identifying and assessing hazards and controlling risks. It also includes planning and supervising housekeeping arrangements, and implementing and monitoring procedures for dealing with hazardous events.

Work is performed under some supervision generally within a team environment.

It may be undertaken as:

- » part of a formal qualification nationally recognised through the Australian Qualifications Framework (AQF)
- » a stand alone unit
- » part of a formal skill set

Contents

About this trainer/assessor guide	4
Learning resource.....	5
Topic 1: Access information about WHS/OHS and workplace policies and procedures	5
Health and safety legislation	5
Policies, procedures and programs.....	12
Communication with the team	14
Risk identification.....	22

Topic 5: Implement and monitor procedures for dealing with hazardous events	164
Completion record	165
Unit mapping and assessment checklist	166
Trainer/ assessor user instructions	171

About this trainer/assessor guide

Learning resource

The learning resource is divided into the following topics:

- » Access information about WHS/OHS and workplace policies and procedures
- » Implement and monitor procedures for identifying and assessing hazards
- » Implement and monitor procedures for controlling risks
- » Plan and supervise housekeeping arrangements
- » Implement and monitor procedures for dealing with hazardous events

Each topic provides information to help you gain the skills and knowledge required to perform the work tasks to which they refer. Read the information and practise the skills described. You should also take the opportunity to undertake additional independent research. Your trainer/assessor may also provide supplementary information including interpretation of the contents of this resource.

At the end of each topic is:

- » a set of true or false questions
- » a set of multiple choice questions

These questions provide an opportunity to check your understanding and progress. They are self-marking and do not form part of the assessment for the unit.

Assessment workbook

To have this unit recognised as a formal qualification you need to have your skills and knowledge assessed. The assessment workbook provides:

- » information on competency-based assessment
- » instructions on how you will be assessed
- » assessment tools to assess your competence
- » instructions on how to complete the assessment tasks within each assessment tool

To be assessed as competent you need to provide evidence that you have the skills and knowledge to undertake the requirements of this unit. This assessment of competency is made by a qualified trainer/assessor from a registered training organisation. You must complete all the assessments as directed by your trainer/assessor to the required standard. It is not necessary to work through the guide in the order in which it is written. However this is at the discretion of your trainer/assessor.
